UNCLE GEORGE JACKSON'S DEATH.
 George Jackson, Sr., died, at his
 home near Olympia, on Aug. 26th.
 He was aged 86 years. His wife,
 with whom he had lived in wedlock
 for 62 years, died two weeks pre-
 vious, and they were buried side
 by side at the family cemetery.
 She was aged 85 years. Her maiden
 name was Melissa Barber. She
 was a daughter of Thomas Bar-
 ber, and a sister of Mrs. Thomas
 son, Uncle George.

fire. They ran and broke in the
 door and rescued some small chil-
 dren that had been locked in and
 left by the mother while she went
 away on some errand. She had left
 a lamp without any chimney burn-
 ing, and it is supposed that the
 lamp exploded or otherwise started
 the fire. The alarm quickly brought
 the fire engine and brigade on the
 scene. It looked then like a hope-
 less task to attempt to extinguish
 the flames, but a well was close by
 and the fire was quickly extin-
 guished when the engine got to work.
 All the household goods were saved.
 There was no insurance. The
 house is a wooden double dwelling
 11 stories high. The roof, upstairs
 floor and part of the weather-board-
 ing were consumed, but the house
 can be patched and made to serve
 yet. There is no doubt about the
 engine being a good thing, and the
 Council's wisdom in buying is
 amply vindicated.

TOBACCO REPORT.—EXPRESSLY
 for THE OUTLOOK, by J. S. PUELL
 & Co., PLANTERS'WAREHOUSE, Loui-
 sville, Ky., Aug. 29, 1896. This
 week, the first time for a long while,
 we can report a better and stronger
 demand for Burley tobaccos. The
 manufacturers were showing more
 interest and taking hold again, and
 the foreign buyers also bought
 more freely. The grades most
 affected and showing an advance
 were tips, leaf and lugs, and indeed
 all grades ruling heretofore at from
 2c up to 5c. All real bright to-
 baccos, of every grade, are in strong
 request. But we must remind our
 friends that while the absolute ne-
 cessaries of life are so very low we
 cannot expect tobacco to be high,
 but must look for it to share alike
 with other things the general de-
 pression of values. Reports say
 that in some localities the '96 crop
 is better, while in other sections
 it is worse than last year.

Prices for '96 to date: 119,124

DEATH'S CALL.—Mrs. Annie E.
 Hendrix, daughter of John and
 Martha Barbee, and wife of D. H.
 Hendrix, passed from this world
 of trial into the bright and glorious
 world beyond. She died at her
 home on East Fork Aug. 12th, 1896.
 She was a devoted member of the
 Methodist Church, and it was a
 blessed thought to be so perfectly
 resigned to the will of God. Thus
 death has removed from us a de-
 voted Christian lady, and a bright
 and shining light in the commu-
 nity. During her last days on earth
 she was heard to say: "All is peace
 with me; all is clear; my prospects
 are bright for the future world." Her
 last words pertaining to her
 future home were: "Oh! my pre-
 cious Savior; come on, God."

"Jesus can make a dying bed
 Feel soft as downy pillows are;
 While on His breast I lean my head,
 And breathe my life out sweetly there."

"Blessed are the dead that die in
 the Lord. They rest from their
 labors, and their works do follow
 them." They are forever with the
 Lord, having escaped the storm
 and the tempest, and are brought
 to the mansion prepared for them.
 They have a right to the tree of
 life, they enter in through the gates
 into the city, and dwell in the di-
 vine presence forever. "Let me die
 the death of the righteous, and let
 my last end be like his." I would
 have the loved ones who yet linger
 on the shores of this earth home
 is broken, and is no longer what it
 was in the past, you are still one
 family, and in the sweet by-and-by
 you will join your loved ones in the
 blessed home above, where you will
 part no more forever.

THEIR DEAR MOTHER IS GONE.
 We miss thee from our home dear
 mother;
 We miss thee from thy place;
 A shadow o'er our life is cast,
 By thee, dear mother, thou art gone.

Oh, how sweet it will be in that
 beautiful land so free from all sor-
 row and pain, to meet their mother
 again! May the bereaved husband
 and children, with many other
 loved ones, so live that they may
 all enter into that rest that remains
 for the children of God.

"A precious one from us is gone:
 A voice we loved is still:
 A place is vacant in our home
 Which never can be filled."

Dearest mother thou hast left us:
 Anchored safe where storms are
 o'er.
 On the border land we left her,
 Soon to meet to part no more.

When we leave this world of care,
 When we leave this world of care,
 We shall find our missing loved one
 In our Father's mansion fair.

May the God of mercy and grace
 sustain them. R. A. H.

Mr. Editor: You presented your
 case fairly as to the millionaire
 farmer and laborer, but you failed
 to show a single millionaire farmer.
 As to the laborer you cite several
 cases where men commenced low
 and succeeded by the fertility of
 their brains. Too many instances
 of that kind; that's where the
 trouble is; too much fertile brains
 for the growth of the plain common
 people, for it is an admitted fact
 that you make one millionaire you
 make ten thousand poor people.
 A few instances of pros-
 perity; you fail to cite the
 cases of farmers in
